

OUR GREEN POLICY

We recognise that we have an inherent duty to look after the environments in which we operate, all around the world.

The CiEvents Best Practice Policy has been designed to reduce our environmental footprint - now and in the future - both internally and when managing client meetings, conferences and events.

Please contact us for information how we can help you reduce your carbon imprint at your next production or event.

With the help of our clients, these initiatives have helped many charities including:

'Father Chris Riley's Youths Off The Street', 'Oz Harvest' and 'One Umbrella'.

We welcome any suggestions you have to enhance our shade of green even more.
